**Voluntary Information Form – Highly Pathogenic Avian Influenza**

This form is offered to owners of poultry flocks, whether commercial or backyard, in order to be prepared for an outbreak of Highly Pathogenic Avian Influenza (HPAI). In case of an outbreak within New England, the information provided on this form will be used to contact the owner of the birds in order to convey the situation at hand and practice surveillance measures of birds found within the infected zone. Once complete, you can mail or fax this form to the address provided above. If you would like to obtain information on what HPAI is and what measures you can take to protect your flock, please feel free to contact us or visit our website at:

<http://www.dem.ri.gov/programs/bnatres/agricult/avianflu.php>

For more information regarding the specific response plan dealing with a HPAI outbreak please view:
