WHAT CAMPERS LEARN

Camp Happy Tails introduces kids to the wonders and wows of the animal kingdom while learning compassion and respect for the world around them.

Our hands-on educational program allows kids to explore behind the scenes at the Potter League and unleashes a love for making a difference in animals’ lives.

By giving kids a rewarding experience working with animals and learning about animal welfare, we provide them with lessons to help them make responsible decisions regarding animals and people in their lives.

ACTIVITIES INCLUDE:

- Making animal crafts
- Playing animal themed games
- Completing service projects
- Hearing from guest speakers
- Interacting with shelter animals**

**Time in our adoption center is very limited and closely monitored. Campers will have daily opportunities for contact with a variety of animals, including shelter animals and visiting guests, but should not expect to spend significant time with animals waiting for adoption. Campers interested in extended animal interaction at our shelter can explore becoming a junior volunteer.
